Your registration on the platform:

- If you have never used the platform before you will be informed by email that an account has been created for you.
- Check your inbox for an email coming from MSF eVoting System: MSF.voting@geneva.msf.org
- In some rare cases, this email may have ended in your SPAM / junk folder - check it! If you find it there, do add @geneva.msf.org to your safe sender for proper reception in the future.
- If you have used the MSF eVoting platform previously, you will not receive that email, but you will get an invitation to vote and the reminders to do so. If you cannot remember your password, no worries: you can reset it on the login page! (see further)

Logging in

Go to https://voting.msf.org

- Enter the email address you have been invited on (which is the email you usually are receiving the emails from your association coordinator)
- Enter your password the one you received from <u>MSF.voting@geneva.msf.org</u> or that you have set yourself
- Login

Election: second IGA Rep

Please rank candidates by order of preference (1= favourite candidate). You don't need to rank all candidates : stop allocating preferences when you cannot decide between the candidates or do not like the ones left. If a voter leaves a blank (for example, assigns numbers 2 and 3 to some candidates, but not 1), the system will "re-rank" their choices so that, for example, their number 2 becomes number 1. Please remember the voting system is that of Single transferable vote (STV) and that only one person will be elected!

Classez les candidats par ordre de préférence (1 = candidat favori). Il n'est pas obligatoire de classer tous les candidats: arrêtez d'attribuer vos préférences lorsque vous ne pouvez pas choisir entre les candidats ou n'aimez pas ceux qui restent. Si un électeur laisse un blanc (par exemple, attribue les numéros 2 et 3 à certains candidats, mais pas de numéro 1), le système "re-classera" leurs choix afin que, par exemple, leur numéro 2 devienne le numéro 1. <u>Rappelez-vous: le système de vote est celui du "vote unique transférable", et une seule personne sera élue</u>.

Proxy voting

To assign a proxy to another member of your association, you need to first connect to the MSF eVoting System as you will assign the proxy within the system

Go on the second tab: "proxy"

Select the event you wish to delegate your voting rights to your proxy

In the Proxy field, type the first letter(s) of the name of the person you wish to assign as your proxy.

You can also enter a 'space' and have a look at the other members invited to the event who have not vet reached the maximum number of proxies. Proxy

Make sure that you first check with the person if they are willing to vote on your behalf, then select them in the system. You will now see each open poll to vote for yourself, as well as for your proxy.

Should your proxy decide to vote themselves online after all, the first person among you casting the vote will have their vote registered. The system will not make it possible for both of you to vote on the same poll.

Proxy holder view

If someone designated you as a proxy, you will receive an email from the voting system informing you about it.
